EDUCATION AND PUBLIC HEALTH.

G.O. Ms. No. 2897 dated 17th August 1949.

ORDER:

The Government consider that Cottage industries should be encouraged and that such industries should not be burdened with the levy of heavy licence fees. Local Boards are therefore advised that in licensing the various trades mentioned in Schedule VII to the Madras Local Boards Act under Section 193 of the Act they may levy either no fee at all or only a nominal fee for the trades which are carried on as cottage industries. It is left to the discretion of the local bodies to decide which particular trade should be treated as a Cottage industry with reference to the local conditions and other factors relating to that trade.
